David suggested using the service road in future. • The event would benefit from a large advertising sign on the school gates. • The cup-cakes and craft stalls will need to be re-located at future events as they were 'off the beaten track' and this was reflected in sales. • The donation day needs a different strategy as there was confusion over what each family were providing. • The tour of the academy site by committee members was not completed as per the specification on the risk assessment; this will need to be addressed differently at future events. <p>David reported that it was a fantastic day and the Mayor of Croydon said about the Academy: "it feels very special, it feels like a family".</p>

6	<p><u>Launch of shed campaign</u></p> <p>It was agreed that David would investigate if there is any suitable storage space within the Academy. There is also an option of utilising an external storage container for non-perishable goods.</p>	Claire Taylor & David

9	<p><u>Fireworks Night</u></p> <p>Kate proposed that the Coulsdon schools join forces to hold a combined Firework event hosted at the Academy. Coulsdon C. Of E. have already booked Frontier Fireworks for a display on 10th November and have advised the company that it may be moved to a larger scale event at the Academy. Tickets and food sales could be shared between attending schools.</p> <p>David agreed to contact the relevant Head Teachers and Coulsdon Manor Rotary Club to discuss the proposition. The committee acknowledged this could be a very community focused event.</p> <p>An update will be given at the next meeting.</p>	David
10	<p><u>A.O.B.</u></p> <p>Kate has been approached by a Coulsdon parent, Marion Milne, who has requested that the FOAC consider becoming involved in a community led Swimming Pool campaign. It was highlighted that such a venture would cost at least £200k and it would take many years to raise that level of funds. David indicated that in principle the Academy would like to have a pool but the biggest issue would be who would be responsible for the maintenance and running costs of the pool after it is built. David and Mark agreed to speak with an Oasis Academy that already has a pool and also with Thomas Moore school regarding the post-build costs and maintenance expenses associated with having a pool.</p> <p>David informed the meeting that he is involved in the planning of the Old Coulsdon Diamond Jubilee celebrations which are scheduled to take place on 5th June in Grange Park. He asked if the FOAC would consider helping with the fundraising for this event. All agreed that we would be willing to do so. David will advise Cllr Chris Wright accordingly.</p> <p>Ali has covered the refreshment rotas for the next few Academy events. Thank you to all committee members who are able to help out.</p>	<p>David & Mark</p> <p>David</p>
