Message from the Principal

Dear Families,

Dear families,

Welcome to a new slightly warmer week. I'm glad to inform you that the engineers managed to fix our heating issues quickly and by Friday the school was nice and toasty.

This week I've made a quick video about reports that are coming home shortly (to all year groups except Year 11), what happens next to support your child, the importance of the link between attendance and achievement and how we complete set changes. Please click on the image below to view this week's video bulletin.

I also mention some of the support services we offer students. Please remember we have a drop in counselling service that all students can use, however we do require permission from parents for students to access this. If you are interested, please give permission via the parental consents section on MCAS.

As ever if there is anything we can do to help, please get in touch with a child's mentor, it is always easier if we know when issues are small so that we can help quickly.

Have a lovely week.

Ms Green
Principal

- **Annie The Musical**
Wednesday 31st January & Thursday 1st February

NOTICES

FIVE DINNERS

Five Dinners is an online meal planning website that offers family friendly recipes that are healthy and can work around your lifestyle. At present they are offering free lifetime membership. If you are interested in finding out more or signing up, please click [HERE](#)

ONLINE SAFETY

This week National Online Safety are sharing their free guide to parents on [Smartphone Safety Tips for Young People](#). 90% of 12 year olds have a smartphone. Students having a mobile phone device when transitioning to secondary school can be beneficial for both safety and social reasons. However, with smartphones also come a number of risks and so it is important that young people know how to use their devices safely.

ATTENDANCE MATTERS

Last week, whole school attendance remained at 90.00%. This level of attendance averages at one day of schooling is being missed a fortnight per student, and four full weeks across the school year, which has a huge impact on student attainment.

Well done to Year 7 who were top of the leader board last week.

Year 8	92.57%
Year 9	91.12%
Year 7	89.84%
Year 10	89.20%
Year 11	86.43%

Live attendance data is available on the parent and student MCAS apps.
