KS4 Destinations

99% of students went in to education, apprenticeships or employment.

*Progress 8

Finalised Progress 8 data has not yet been published for this academic year, therefore this is an estimate only.

Progress 8 measures the progress students make based on their entry level KS2 data, a score of '0' would indicate expected progress has been made from KS2, anything above '0' shows better than expected progress.

We are, therefore, extremely proud of this cohort of students for an amazing set of results after an extremely ~turbulent time during their secondary school education. This cohort have achieved our BEST EVER results in English and Maths, which is a testament to the character and resilience of students at OAC.
