Textiles	100%	91%	86%	29

KS4 Destinations

99% of students went in to education, apprenticeships or employment.

*Progress 8

Finalised Progress 8 data is not published until later in the autumn term, therefore this is an estimate only.

This year's cohort have performed outstandingly well. Their results show they are performing in line with their peers across the nation, with our disadvantaged students achieving more than expected progress, and above the national average. We are extremely proud of this year group's results and all that they have achieved.

Progress 8 measures the progress students make based on their entry level KS2 data. A score of '0' would indicate expected progress has been made from KS2 whereas, anything above '0' shows better than expected progress.
