

Dear Parents/Carers,

**RE: Behaviour report on MCAS**

We are aware that a number of you have missed the weekly payslips for students as some families linked these to rewards at home. We have been working hard to try and get this system up and running to be available online, and we are pleased to announce that a version on this system will be launched at the end of the week.

As of Friday 9<sup>th</sup> October, you will be able to view weekly behaviour reports for your child on the My Child At School (MCAS) app and online accounts, detailing merits, demerits, and detentions for your child that week. The attendance function is already available for you to view your child's attendance figures, which was also a contributing factor to payslip totals.

This online behaviour system will continue to contribute towards a student's individual and House rewards total, and details of how this term's rewards will work will be shared after half term.

We hope that you find access to this information useful in order for you to be able to track your child's engagement at school. If you have any concerns over demerits or detentions then we would encourage you to discuss this with your child, and should you have anything you would like to discuss further with the Academy, then please do contact your child's mentor in the first instance.

If you have not yet downloaded the MCAS app you can do so easily from the app store and log in the using the account details emailed to you by the Academy. If you have any issues with signing in to your account then please try clicking the 'forgot password' function, or alternatively contact the Academy office.

Yours sincerely,

Mr M Pelling  
**Deputy Principal**
