

16<sup>th</sup> January 2024

Dear Year 11 Parent/Carer,

### Spring Mock Timetable

I am writing to share with you the mock timetable for the Spring term. It goes without saying that mock exams are a pivotal part of Year 11. They provide rich feedback to teachers, parents, and students about each student's strengths and areas for development. Furthermore, these mocks are the final opportunity for students to have a 'dress rehearsal' of the GCSE exams. In recent weeks I have spoken at length to the students about the importance of making sure they feel some success coming out of these exams, so they have confidence leading into the exam season.

Teachers have provided students with revision checklists interventions are running during lunch, after school and on Saturday mornings. We have emailed home regarding the days of the week that core interventions are running and sent letters home for Saturday school. Below is a timetable for Lunchtime interventions as well.

Monday	Tuesday	Wednesday	Thursday	Friday
<b>Maths</b> Mrs Billings	<b>Maths Higher</b> Mrs Billings	<b>Maths Higher</b> Mrs Billings	<b>English - Symposium</b> (aiming for 7+)	<b>Maths drop-in</b> with Mrs Billings
<b>Science</b> Mr Falvey	<b>Maths</b> foundation Ms Tonks	<b>Maths</b> Foundation Ms Tonks	Mr Hodges	
		<b>Science</b> Mr van Gelder		

After the mocks have been completed, we will collect the data and review intervention groups and class sets. The data is also used to inform tier entry decisions.

I would like to wish all our students the very best of luck with their preparations and thank you in advance for all that you do to support their progress.

Attached is a copy of the Mock Exam timetable. You will notice this time we have set aside sessions on a Saturday morning for any missed exams to be completed, there will also be the opportunity during half term if necessary. It is vital the students attend school each day for their exams where possible, if they are unwell, please let school know in the normal way. Arrangements can then be made to catch up any missed exams. Please remind students they are required to bring all the necessary equipment, this should include; Black pens, pencils, rubber, ruler, scientific calculator, protractor, clear pencil case and water bottle.

Yours sincerely,

Mr J van Gelder
