

# IF YOU ENJOYED STUDYING PROBABILITY, WHY DON'T YOU...?

## Watch this: *The Imitation Game*

During World War II, mathematician Alan Turing tries to crack the enigma code with help from fellow mathematicians.

## Read this: *How Not to be Wrong*

Jordan Ellenberg shows how we can all use maths to become better thinkers.

## Log onto this: *Same Number!*

<https://nrich.maths.org/samenumber>

This page explains the probability of choosing the same number depending on how many people there are.

## Do this: *Challenge*

[www.tinyurl.com/UKMTUltimate](http://www.tinyurl.com/UKMTUltimate)

Use this book to challenge yourself with many different problems.
