

IF YOU ENJOYED STUDYING COASTS, WHY DON'T YOU...?

WHY DON'T YOU...?

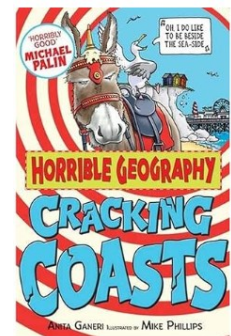

Watch this: Coasts BBC iPlayer

The Coast team take a fascinating journey around the shores of the United Kingdom, uncovering stories that have made us the island nation we are today.

Read this: Cracking Coasts (Horrible Geography)

Marvel! at the ginormous Giant's Causeway. · Scream as you surf an awesome reef breaker. · Shiver with fear as you take a trip to the spooky Skeleton Coast. And if that's not cracking enough for you visit an eerie lighthouse where the light suddenly went out and go sailing with ... a snail. It's earth-shatteringly exciting! Geography has nev-

Read the article on coasts around the world on nationalgeographic.org. What fact surprises you the most from this article?

Do this: Visit the coast

Visit a coastal area. What types of hard and soft engineering can you find? Is there a Shoreline Management Plan in place in the area you are visiting? What landforms are there? What tourist activities are there for people to do? Draw a map of the area showing the different landforms.
