

IF YOU ENJOYED STUDYING COLD ENVIRONMENTS, WHY DON'T YOU...?

WHY DON'T YOU...?

Watch this: Frozen Planet II (BBC iPlayer)

This six-part series – narrated by Sir David Attenborough – explores the wildlife found in the world's coldest regions: the Arctic and Antarctic, high mountains, frozen deserts, snowbound forests, and ice-cold oceans. From polar bears to penguins, and from snow monkeys to Siberian tigers, each species must overcome a unique set of challenges to endure its extreme environment.

Read this: The Last Bear by Hannah Gold

There are no polar bears left on Bear Island. At least, that's what April's father tells her when his scientific research takes them to this remote Arctic outpost for six months. But one endless summer night, April meets one. He is starving, lonely and a long way from home. Determined to save him, April begins the most important journey of her life . . .
